Re: Bath Main Street Reconstruction, Windermere Intersection

Dear Resident,

We are preparing for upgrades to Township infrastructure on Main Street in Bath over the next several years. The work is planned to be undertaken in three stages with Stage 1 commencing in May/June of 2026 with the intersection upgrades at Windermere Boulevard.

The Reconstruction work this year shall consist of the following:

- Signalized intersection installation at Windermere Boulevard, including traffic calming measures and pedestrian crossing
- Road reconstruction
- Watermain reconstruction
- Sewer main reconstruction
- New sidewalks on the south side of Main Street
- New multi-use pathway on the north side of Main Street
- Drainage improvements, including curb and gutter.

During this project, there will be occasional water service interruptions to facilitate this work. Residents will be notified well in advance of any shut down.

During construction, there will be lane shifts, temporary gravel surfaces, and flag persons directing traffic. Two lanes of traffic will be maintained overnight. Residents can expect delays during construction and are encouraged to plan alternate routes where possible.

The Contractor will maintain access to all driveways; however, circumstances may cause temporary disruptions. If this is to occur, the Contractor will contact affected residents individually to plan for any closures and make every attempt to accommodate special circumstances.

Loyalist Township is committed to ensuring that this project will have the least impact to property owners along the road and a Township representative will always be on site during the work. They will be more than happy to discuss any questions or concerns you have.

We'll communicate during the project in several ways. To share time-sensitive information, we will knock on your door and/or hand-deliver a notice to your home. Also, we will update the project website and send updates by email. You can sign up for email updates by visiting Engage.Loyalist.ca, selecting the project, **Main St. Bath - Windermere Intersection Upgrades**, and clicking "Follow".

Throughout the project, if you have questions or concerns, please feel free to approach Township staff onsite, submit a question through the Engage Page noted above, or to contact me at my information below. For any after-hours emergencies related to the project, please contact our after-hours number, 613-507-3069, and Township staff will respond.

Yours truly,

Joe Gratton
Project Supervisor
