

Project Update: September 2026

The County of Lennox & Addington & Loyalist Township wants to keep residents informed about the status of the County Road 2 Odessa Project. We wish to let you know about the progress of the work completed by the Contractor and what is to be expected looking ahead.

Project Overview

The County of Lennox & Addington and Loyalist Township have committed to the reconstruction of County Road 2 in order to update infrastructure and revitalize the roadway in the heart of Odessa. The project includes full reconstruction from West Street extending to Shane Street.

In April 2026, phase 1 of the project was awarded to Fidelity Engineering & Construction Inc. The project is now fully underway with construction beginning in June 2026 and is scheduled to be completed in late 2026.

Construction Progress

Construction crews are continuing with replacing sewer and watermain infrastructure within the 2nd stage of construction from West Street to Old Wilton Road, including Durham Street. Construction crews are also beginning with the replacement of sewer and watermain infrastructure in the 3rd stage of construction from Mud Lake Road to Mill Street.

Public Access

All stages of construction on County Road 2 from West Street to Mill Street remain closed including the closure of Durham Street. Access for pedestrians and emergency services will be available at all times but vehicular access to entrances will be lost for short durations when construction occurs directly in front. All businesses will remain open for the duration of the construction work.

Schedule Update

It is anticipated that the opening of the road will occur in stages, with the total opening of the road expected to occur in late September. Single lane closures are expected to occur periodically on County Road 2 and Durham Street afterwards. The intersection of Durham Street and North Street is now open while the remainder of Durham Street remains closed.
